## Bank Note Reporter is for you!

**Kublai Khan currency — world's oldest discovered in Russian, Chinese museums**

Conformation of at least two surviving granite — apparently paper money — from the Yuan Dynasty paper money, which circulated in the 13th century, has been confirmed and other finds reported.

The finds reported are found within the pages of a recently published book, *A Collection of Pictures of Chinese Ancient and Modern Money*, by The Chinese Academy of Social Sciences Research Institute. The report comes from the State Hermitage Museum in Leningrad, Russia. In a letter to the Chinese numismatic journal, *Numismatist*, Dr. Lin Nana, director of the Leningrad Numismatic Museum, said: "George told BNR he learned of the Hermitage's note while

visiting in Leningrad last summer, and Mr. Breslau and I were able to discuss this note in a numismatic article published by the Museum. It is not true and is not the case in the book of the Great Khan, in Marco Polo's description of the Yuan.

The U.S. numismatist describes the recovered note as "a well preserved specimen of the Yuan of the famous Kublai Khan of the Yuan Dynasty, A.D. 1260-1294." He added: "It is a 1294 A.D. note, probably by a Chinese emperor, the well-known Kublai Khan, who was the earliest ruler to issue paper money."

The note has received a great deal of attention, and in particular the coin specialist will need to verify the Hermitage's note, he said. "Since we have only a black

**Souvenir card marks N.Y. unions' merger**

The recent merger of the Bank Note Engravers Guild of New York and the Bank Note Plate Printers has been marked by the issue of a souvenir card, being made at a recent convention, in New York.

Engravers and plate printers from the around the country have formed Bank Note Printers, Designers, Engravers, and Stampers (B.N.P.D.E.S.) Guild of New York. The guild

is a member of the Bank Note Engravers and is printed in green ink on cream-colored cardstock.

Examples of the Bank Note Printers' work are available for collectors — cards, checks and so on — can be seen at Bank Note Printers' booth at the Bank Note Engravers Guild of New York, 1010 Madison St., Staten Island, NY 10304. Weekdays for delivery should be allowed.

**Australia International Fair debuts March 18-20 in Sydney**

The first Australian International Coin Fair is being held in Sydney March 18-20, to coincide with the Australia's Bicentenary. The Fair will be held at the Sheraton Hotel and is expected to be officially opened by Australian Prime Minister, the Rt. Hon. Paul Keating.

In conjunction with the Fair will be the first Australian Coin Convention. The Association is sponsored by Australia's major numismatic societies and the Museum of the Mint has been invited to host the first center of information on coin collecting. An extensive endorsed Bicentenary booklet will be available and all activity All collection and sale activity All collection and sale activity is free.

To attract the public to the Fair, the Mint and the Liberty Bell are the central features of the coin printing.

**BEP souvenir card for ANA features first circulating \$10,000 gold note**

The human fascination with gold crosses boundaries of time and culture. The symbol of wealth and status is an apt trademark to be combined with the craftsmanship of Engraving's Coin Bureau. The Bureau has been producing a International Series of souvenir cards for the past 10 years. The Bureau produced a series of actual Gold Certificates for the Federal Government in the 1930s and early 20th Century. Four of which were circulated. The Bureau remained in the business of gold and silver coins and were involved in settling gold debts. These certificates still maintain

1937. At least three days prior to the date planned by the Fort Lawrence Korean War Souvenir Society which has scheduled a 50th-anniversary commemoration. As part of its commemoration, the society is issuing a special souvenirs card which will be issued on the anniversary date.

On that date in 1937, a battle was fought between Japanese and Chinese forces in North China. The battle became known as the Marco Polo Bridge Incident. The battle was fought near the 900-year-old Marco Polo Bridge, which bears his name. Fighting alternated with negotiations for three weeks following the incident. Chiang Kai-shek demanded that the Japanese rights cannot be sacrificed. The Japanese began to withdraw and once war has begun, they are not looking back. On July 27, 1937, the Japanese made their final announcement on the Marco Polo Bridge. The Japanese "new order" East Asia. That order had been declared without anyone realizing.

The souvenir card has many features which will be unique to the Marco Polo Bridge. The card features are historical, but the central designs are unique and affording actual bank notes or cards of the period in

U.S. and world notes, plus all other related fiscal paper.

The Souvenir Card Journal is the quarterly publication of the Souvenir Card Collectors Society. Like any publication, the SCJ needs publishable material in order to survive. Members can help by providing relevant news, research, features, advertisements, and other information to the editor or appropriate writer. Future issues of this magazine are dependent upon your contributions. By helping us with your contribution, you are helping the Society to grow.

## EDITORIAL

## In this issue

The Summer 1989 issue of the SCJ offers a little something for everyone. We have a historical piece by President Radford relating the story of the Texas Spring Palace; a new Treasurer's report describing the state of the Society's finances, from Art Benjamin; an installment from Don Hitchcox on USPS and BEP error cards; Ed Beers' latest column on privately issued cards; our Auction, efficiently managed by Vern Potter; and an amalgamation of other material.

\*\*\*

If you don't see something in print on whatever particular area of card collecting tickles your fancy, let me climb on my soap box for a few moments. Unlike some private, for-profit operations, we at the Souvenir Card Journal lack a staff of reporters whom we can employ to produce feature stories on demand or send to cover events of interest to our readers. The material you see in the Journal is a reflection of members' interests. Save for a few short paragraphs received some time ago (which I regret not having used in the SCJ), every item submitted has appeared in this publication.

We are in need of material for publication. Possible categories include: letters to the editor with complaints, queries, or compliments; discussion of your favorite card (and why); unusual experiences related to cards; historical narratives; new discoveries; how card collecting relates to another of your hobbies (postal history, numismatics, paper money, stamps, stock certificates, etc.). You name it!

Submitted material should be:

1. Typed, double-spaced
2. In English
3. Related to souvenir cards.

These are, really, the only requirements. We'll do whatever editing is needed, trying to let the writer's style shine through while eliminating egregious errors.

From time to time, we receive letters expressing dismay at the lack of articles on \_\_\_\_\_ (fill in the blank), hoping for more on one subject or another. If you want to see more in print on any particular subject, write about it!

## LETTER TO THE EDITOR

Dear Editor:

Here are two items that may be of interest and perhaps put in the next issue of the Journal:

What has happened to the United Nations souvenir card collecting field? Thinking that I might dispose of some extra United Nations souvenir cards that I had, I communicated with one of the dealers in United Nations stamp and souvenir material. His reply to me was,

"We buy U.N. souvenir cards for about 25 cents each on an average. Most times we get them for nothing with U.N. collections and lots that we buy."

## PRESIDENT'S PAGE

This, the summer issue of the *SCJ*, is coming to you a little late. Its lateness is partly my fault as I was tardy in getting my articles to Doug for this issue. The Compilation of the SCCS numbering system required an incredible amount of additions, updates, corrections, and four separate proof readings. It has absorbed all my spare time for the past six months. It developed into an obsession to get it finished, so, nothing else got done until the Compilation was done. By the time you read this, the Compilation should be in the mail if not in your mailbox. In any event, I can now get my President's Page and article to Doug with the Compilation out of the way. I am sorry they are late and have caused a short delay in mailing out the Summer issue of the *SCJ*. My articles for the Fall issue of the *SCJ* will be sent to Doug early.

The SCCS had regional meetings for both the Board and the members at IPMS '89, June 23-25, in Memphis, Tennessee. Art Benjamin, Ed Beers, Jr., and myself attended the Board meeting. The society's financial status was reviewed as Mr. Benjamin presented the annual Treasurer's Report. [Ed. Note: See the Treasurer's Report elsewhere in this issue.]

Our financial status is good and we should be able to meet expenses for the coming year. However, expenses very nearly equal our income and Art suggested that we consider a dues increase to \$20 for 1990. This will be discussed further at our Annual Meeting at World Stamp Expo '89 in November. Mr. Benjamin recommended that each member try to sign up one new member during 1989. A larger membership would help us keep dues down.

At the Memphis Board meeting it was mentioned that a lot of our members did not know the current status of the Society or the Compilation. Hence, it was decided to send an informational letter to members with additional information on the three souvenir cards and the society's logo proof currently available for purchase from the SCCS.

Curtis D. Radford, M.D.  
President SCCS  
400 Ceape Avenue  
Oshkosh, WI 54901

This letter went out in late July and sales have been good. These sales should help offset the higher than expected costs of publishing the Compilation. Mike Bean, a BEP plate printer, has printed the SCCS logo proofs for sale to our members. He did a fine job and our sincere thanks go to Mike for his never wavering support of the SCCS.

\*\*\*

The general membership meeting at IMPS '89 was attended by about 25 members. Each of the officers present gave a report. These reports were followed by a special presentation of an SCCS logo proof to Lee Quast for volunteering to help Doug Holl with the *SCJ*. Lee is now our advertising manager.

At the beginning of the meeting, Steve Manset of the BEP gave a preview of the 1990 BEP souvenir card program. The cards for 1990 will be "toned down" with soft, muted background colors. They will continue to leave space on the front of the cards for stamps and cancellations. Text and, possibly, photographs will appear on the backs of the cards. The cards will celebrate the period of 1890 to 1990 as the "American Renaissance" and will honor famous Americans such as Mark Twain, Thomas Edison, and George Washington Carver.

Paper stock used for the 1990 card program will be acid-free and more suited for intaglio printing. Card designs will relate to the cities and states where the BEP will attend shows. They are considering issuing special prints that will honor the art of engraving by featuring original, modern-day engraved vignettes.

According to Manset, BEP Director Pete Daly is interested in the souvenir card program and is "in tune" with what collectors want. In 1989, the BEP printed 7,500 of the show cards and 3,000 of the special prints. I have heard elsewhere that not all of the cards and prints sold out in 1989 and the BEP is considering printing even

## TREASURER'S REPORT

This report covers the period of time from June 20, 1988 to June 19, 1989. Our funds this year are from similar sources as last year, i.e., our members' dues and contributions, proceeds from our auctions, sales of special cards, advertising space in the Souvenir Card Journal, and sale of back issues of the Journal. There was some extraordinary income this year due to significant additional advertisement revenues for the compilation issue.

Our expenses are generally the same as last year, being Journal production expenses (typesetting, printing and mailing), expense reimbursement for our officers, space and sign fees for shows.

Balance on June 30, 1988	\$8,439.19
--------------------------	------------

## Income:

Dues & Journal Advertising	\$16,289.50
SCCS Auction	2,600.00
Interest	311.04
Total income	\$19,200.54

## Expenses:

Typesetting, Printing, Mailing SCJ;	\$4,080.24
Typesetting & Miscellaneous costs of the Compilation	3,223.66
Payment to SCCS Chapter 1 (sales of Washington Monument cards and honorarium for distribution of Statue of Liberty and NATD cards)	1,100.00
SCCS Stationary	564.50
Fee 1989 ANA Convention	100.00
Tax Filing State of Texas	475.00
Board Member Expenses Dana Marr \$741.48	857.16
Robin Ellis 86.00	
Jay Jackson 29.68	
Total Expense	\$10,400.56

Balance on June 19, 1989	
--------------------------	--

Savings Account	\$12,747.23
Charity Account	4,491.94
Total on Hand	\$17,239.17

## Estimated Expenses for the Remainder of 1989:

Compilation Printing and Mailing	\$6,000.00
Four 1989 Journal Issues	10,000.00
Total	\$16,000.00

Therefore, we have very little extra money for any projects. It is imperative that every society member try to enroll new members. In addition, we should reach out to past members and try to get them to rejoin. The compilation issue should be a good incentive. We also should look to increasing our dues in 1990.

**ANA '85**  
BALTIMORE, MARYLAND

The Bureau of Engraving and Printing is pleased to issue this souvenir card to commemorate the 94th Annual Convention of the American Numismatic Association to be held on August 20 to 25, 1985.

The note featured here is a replica of the reverse of a Series 1882 \$500 gold certificate—the front was featured on the ANA '84 souvenir card. The bright orange back design of this note is indicative of the days when U.S. paper currency was "as good as gold." Gold certificates were always one of the most stable forms of currency and were widely accepted.

In 1933 Gold Certificates were withdrawn from circulation by order of the Secretary of the Department of the Treasury. This order also cancelled the legal tender status of the notes, although they are exchangeable for lawful money.

BUREAU OF ENGRAVING AND PRINTING, WASHINGTON, D.C.

The copying of this print is restricted by Title 18, U.S.C. which prohibits the unauthorized reproduction, in whole or in part, of currency, postage stamps, or other securities of the United States.

*BEP ANA 1985 vignette shift.*

## Souvenir Card Erratum

Donald W. Hitchcox

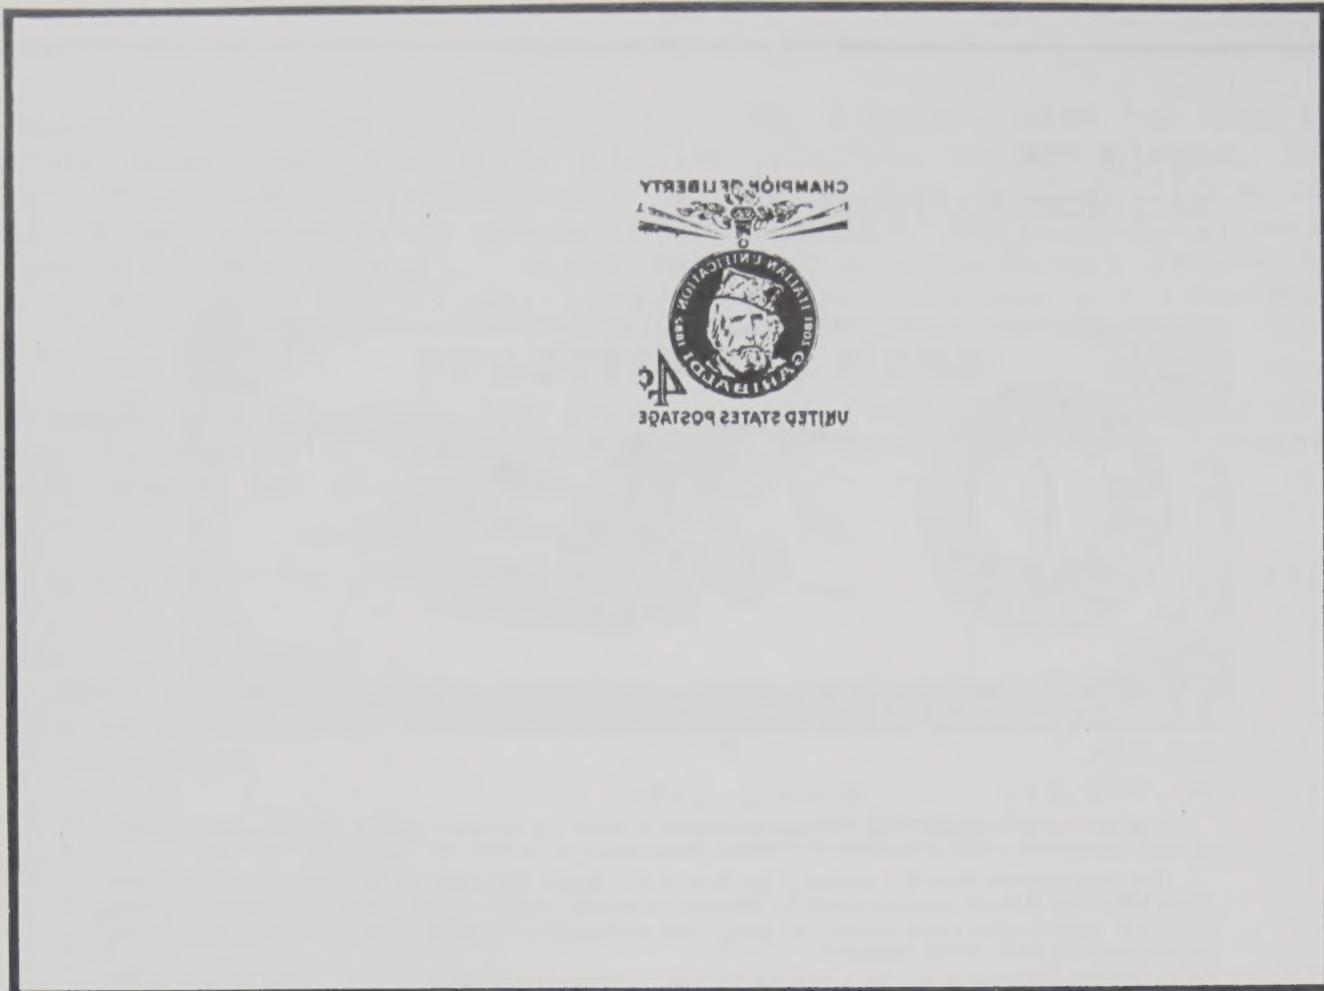

Because vignette shifts, in diverse directions, have been shown several times before in the *Journal* pages, we will illustrate this B82 currency vignette, shifted left 8mm, without further voluminous explanation. A brief mention of this item's existence, without illustration, appeared in the Summer '87 issue of the *Journal*.

\*\*\*

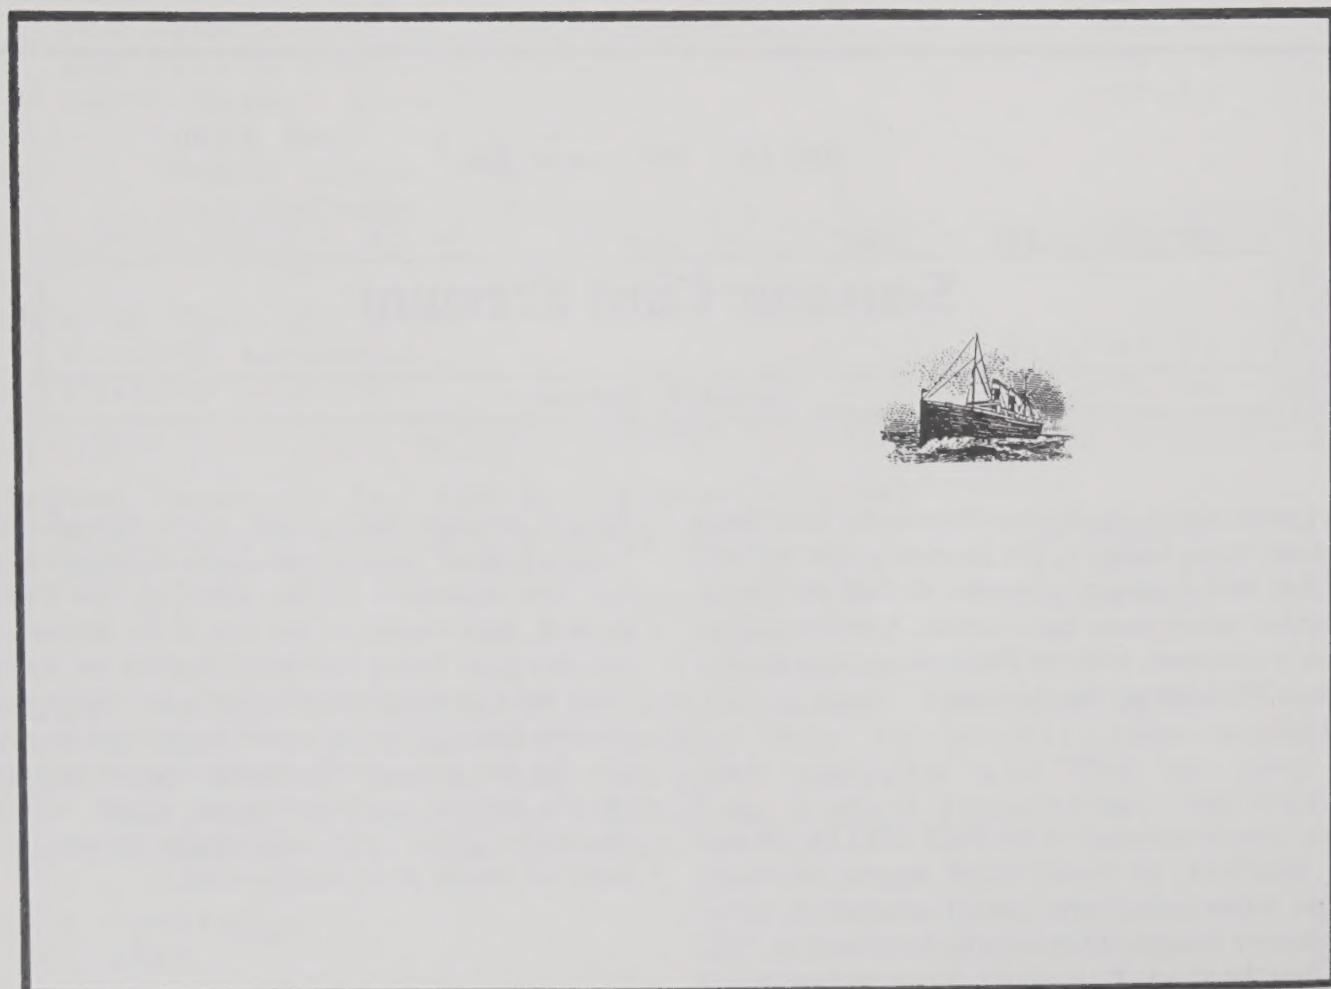

Shown here are the reverses of the PS23 ITALIA '76 and the PS65 HAFNIA '87 cards which appear normally printed, but, when turned over, reveal exceedingly sharp and clear mirror images of the intaglio impressions. This indicates that the sheets from which these cards were cut

passed through the intaglio press immediately after a "missing sheet" occurrence. Such an event happens after the first operation (offset printing) has been accomplished, and results in the ink of the second operation intaglio plate being deposited directly on the blanket or draw sheet of the impression cylinder. Subsequent sheets passing through the press will be printed as usual on the obverse, but will simultaneously receive an inked image on the reverse, and subsequent sheets will bear progressively lighter and increasingly blurred impressions until all traces have disappeared.

## Private Souvenir Cards

Edward F. Beers, Jr.

Nice to be back with you and I shall start off by writing on a non-private souvenir card topic by echoing President Curt Radford's writings in the Spring 1989 issue of the *SCJ*. Please take ten to fifteen minutes of your time and direct some exultations on the BEP Souvenir Card Program to: Peter H. Daly, Director, Bureau of Engraving and Printing, 14th and C Streets S.W., Washington, DC 20228. I did. I also wrote Director Daly in January, following the FUN '89 show, wherein I praised the BEP employees in attendance at that show. He promptly responded, "I wish I could tell you how much I love getting letters like yours of January 19." He then extolled the performance of his employees and ended by writing, "I will pass your compliments on to everyone you mentioned," which he did. As Curt wrote, an ending of BEP Souvenir Cards could cause "the potential collapse of the souvenir card hobby in the United States." Enough said.

There is nothing to report on ASDA-1A, Fall 1986 *SCJ*, nor on ASDA-57A, Spring 1989 *SCJ*. The IA card is a distinct mystery. Be a hero or a heroine if you like, and if you have any information on these cards, pass it along to me.

I am still getting letters forwarded to me from our old address in North Palm Beach, in spite of it being printed correctly in the Spring 1989, *SCJ*. I am asking our good Editor, Doug Holl, to please list my current telephone number because it has never been shown. My error. A member brought this to my attention. I simply forgot.

We have a lot of numismatists in our Society and it's a darned good thing that we do because their interest, enthusiasm, and knowledge are keen.

After that laudatory paragraph, allow me to clue you in on two new numismatically sponsored cards: Write the Worcester County Numismatic Society, P.O. Box 55, Auburn MA 01501, for details on their fifth souvenir card. Next, we have a newcomer, producing their first souvenir card and it is a beauty in living color. A check for \$4 to Rochester Numismatic Association, c/o John Zabel, Curator, 371 Lyndon Road, Fairport, NY 14450, will bring you this dandy.

Robert C. McCurdy, P.O. Box 150495, Cape Coral, FL 33915-0495 will mail you his fifth annual spoof card, appropriately dated April 1, 1989, for \$3.50 postpaid. They are funny. Bob will mail you all five different spoof cards, 1985-1989, for just \$15 postpaid.

Always faithful Donn Ebert, Show Director for Midwest Stamp & Coin Dealers Association, P.O. Box 333, North Chicago, IL 60064, sends me usual fine information on their July card. The theme is "150th Anniversary of the publishing of Audubon's Birds of America." Donn is the designer of this card, printed by Sir Speedy of Libertyville, IL. Printing total of only 200, cancelled 50. Charge is a nominal \$1 mint, \$1.50 cancelled.

By all means write to Charles Berg, 480 South Lake Park #911, Chicago, IL 60615 for details on United Nations Collectors Club of Chicago (UNCC) on their UNCC '89 card, issued during and at COMPEX '89.

A class card has been issued for NAPEX '89, uncancelled for \$2, cancelled, \$3. Send your order to Mr. George Mansfield, Box 4510, Arlington, VA 22204. George writes that Lawrence W. (Bill) Draeger, a member of the NAPEX Board of Directors, designed the cachet and cancellation for this card.

Another friendly reminder. When ordering, always include a return label, if you have one. When seeking information, include an SASE.

Are you up to date on your ASDA cards? If you do not know, send your SASE to ASDA, 3 School Street, Glen Cove, NY 11542.

There was no card issued for NOJEX '89. This news from Jim Franir, NOJEX Co-Chairman.

It will cost you \$5 payable to: AQPP, Box 276, Youville Station, Montreal, PQ H2P 2V5, Canada, but you will receive a spectacular card sponsored by the Canadian Stamp Dealers' Association and a chapter, the Association Quebecoise des Professionnels de la Philatelie. It would take me a column to describe this card. Suffice to say you will receive a numbered card with first day of show cancellation, April 7, 1989. A mint copy will only cost you \$3. Don't pass up this card. Remember that it now costs us thirty cents postage when writing Canada.

The ATA Americana Unit charges dues of \$3 per year and you will receive their nice little publication, *Americana Philatelic News*, which often includes extremely low cost souvenir cards, such as a cancelled card for TOPEX '89 for \$1 and a #10 SASE. Write to hard working Don Brenke, Box 179, Washington, DC 20044, for membership and the card. Now, I must be mean. This will be my final insertion for ATA-AU cards. You know why? I expect you to all fork out \$3 and join. Tell Don that Ed sent you.

See you next time.

# SOUVENIR CARD NOTES

## Upcoming SCCS Meeting

The Souvenir Card Collectors Society has scheduled the following meeting:

**World Stamp Expo, in conjunction with with Universal Postal Union show, Washington (DC) Convention Center November 17-20 and 24 through December 3. Board of Directors meeting 3:15 followed at 4 p.m. by General Membership meeting on Saturday, November 25.**

The sixth annual souvenir card for the Colorado Springs Coin Show has been issued. As have the previous five issues, this card depicts items from Colorado's historical past, which this year is a \$100 per share stock certificate of the "COLORADO CENTRAL RAILROAD COMPANY." The show was held July 8-9, 1989 in conjunction with the ANA's 21st annual Summer Seminar.

The original certificate was printed by "HOOPER LEWIS & CO. BOSTON." It should be noted that this certificate was made out to (William) A.H. Loveland, and signed by Henry M. Teller, both very important in early Colorado history. The souvenir card is available by mail for \$3.50 from G. Walton, P.O. Box 9833, Colorado Springs, CO 80932. A limited number of the 1988 souvenir card of the "DENVER, SOUTH PARK AND PACIFIC RAILROAD COMPANY" is also available at \$4.50 each.

\*\*\*

The American Bank Note Company has issued the third card in a series of souvenir cards which feature the Republic of Hawaii Gold Certificates of Deposit. The \$20 Gold Certificate of Deposit was issued on August 9th at the American Numismatic Association's 98th Anniversary Convention in Pittsburgh. The \$5 and \$10 Gold Certificates of Deposit souvenir cards were issued at previous shows this year. The \$20 card will be the last card of the series to be issued in 1989.

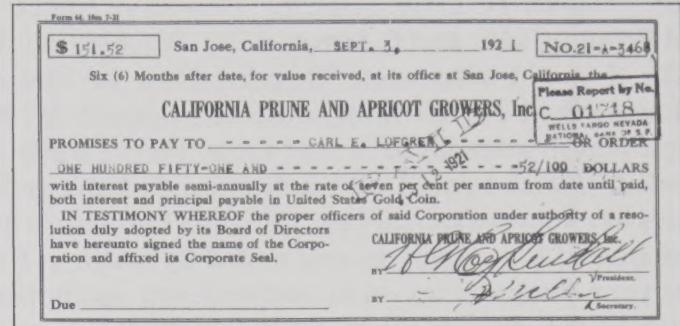

The \$5, \$10 and \$20 Gold Certificate of Deposit souvenir cards are available by mail for \$7.50 each. Checks or money orders should be made payable to American Bank Note Commemoratives, Newfane, Vermont 05345-0420. For telephone orders, call toll-free 1-800-542-3644. MasterCard, Visa and American Express cards are accepted for orders amounting to \$22.50 or more.

## SAN JOSE COIN CLUB

21st Annual Coin Show  
January 13 - 15, 1989

This third annual San Jose Coin Club souvenir card depicts another interesting piece of San Jose fiscal history, an interest-bearing corporate promissory note from 1921.

These types of notes were frequently issued by companies with uneven cash-flow requirements. Growers, for example, would need to pay for seed, fertilizer and equipment well in advance of receiving any money for their end product. Canners, similarly, would have to pay the growers for their produce at the time of delivery, long before the cash from selling the processed result was available. These types of firms, along with many others, used small denomination promissory notes as a method of balancing cash in and out. Depending on the financial condition of the issuing firm, it might be accepted for deposit by banks and other entities before the specified redemption date. This note, in fact, was "cashed" by the Wells Fargo Nevada National Bank of San Francisco in December 1921, or three months before it would be redeemed by the issuer. Forfeiture of the interest, plus a fee, was undoubtedly required of the payee in order to receive this money so far in advance.

The above note is numismatically interesting for another reason as well: it states that "both interest and principal (are) payable in United States Gold Coin." This type of repayment specification was acceptable in 1921, as gold coins circulated freely at that time, but was later prohibited by the Gold Reserve Act of 1933 which also removed this phrase from federal bank notes.

The depicted note, reduced from its original size of 4" by 8", is courtesy of the Robin Ellis collection of San Antonio, TX. The San Jose Coin Club would like to thank Robin for his generous loan of this item for use in the on-going souvenir card program.

SJCC - 3

The San Jose Coin Club released its third annual souvenir card to commemorate its recent 21st annual coin show and educational forum. This year's card depicts an interest-bearing corporate promissory note of 1921, issued by the California Prune and Apricot Growers, Inc. of San Jose. These notes were often issued in small denominations in order to even up cash flow requirements of businesses with long raw material processing cycles, such as growers and canners. The note is also of numismatic interest since it specifies that "both interest and principal (are) payable in United States Gold Coin". This type of specification was made illegal by the Gold Reserve Act of 1933, but was a common clause in the 1920's and earlier.

Mint souvenir cards are available from the club at \$2.00 each, while cards postally cancelled the first day of the show are \$3.00 each. Customers should add \$1.00 postage and handling per order, and make any checks payable to the San Jose Coin Club. Orders should be sent to Ken Barr, P.O. Box 32541-J, San Jose, CA 95152.

## THE WASHINGTON SCENE

Doug Holl

Renewing a tradition of sorts, the Washington Plate Printers Union will participate in the Middle Atlantic Numismatic Association's (MANA) 37th Annual Convention in New Carrollton, Maryland, October 20-22, 1989. During the show, union plate printers will demonstrate the art of intaglio printing "live" on a 100 year old spider press. Nineteenth century printing techniques will be demonstrated by today's craftsmen to reproduce the beauty and quality of a fine steel engraving.

The proof produced will feature a line engraving of an eagle perched atop a shield containing thirteen stars and stripes over a background of clouds with "Old Glory." (See illustration.) The engraving will show a plate mark, or embossed outline of the printing plate. This will signify that the proof is an engraved original "Die" or "Plate Proof."

As a special incentive for attendees at the MANA show, the hand proofs printed live at the show will be dated, numbered and signed by the printer, and given away free of charge to winners of an hourly drawing.

The union has produced 1000 of the engraved eagle proofs for sale to collectors and connoisseurs of intaglio printing. The eagle was printed in black ink by hand on an intaglio spider press. The inscription, complete with union seal, was printed in blue ink on a hand-fed intaglio die stamping press.

The proofs will be available beginning October 20, 1989 at the MANA show for \$5 each, and by mail for \$6 each, limit one per order. Orders must be accompanied by a check or money order made payable in U.S. dollars to the W.P.P.U. and must be addressed as follows: Washington Plate Printers, P.O. Box 3817, Silver Spring, MD 20901.

\*\*\*

At the MANA show, the Plate Printers Union also released a modified variety of the Harry Beech card. The 1989 Convention book contained the previous version of this card (see Spring 1989 SCJ). The major differences are a color change and the inclusion of the PPU logo in place of the "Compliments" text on the Convention card. Cards are \$15 each (limit one) from the address above.

The U.S. Fish and Wildlife Service plans to issue a souvenir card for World Stamp Expo 89. Design details had not been finalized at press time; however, the card is expected to show the three most recent Duck Stamps in full color. The Service hopes to have the designers of those three stamps at their booth at the show, and a card featuring their winning entries would be an autograph collectors' delight. Prices and ordering details have not been determined.

### LETTER TO THE EDITOR

*(continued from page 4)*

Certainly this will hurt all souvenir card collectors and make them think twice before getting into collecting United Nations and other souvenir cards.

\*\*\*

We need new members for our society!!!

One idea that I have found that may be of interest to others. When one learns of a stamp collector that he thinks may be interested but probably knows nothing about the SCCS, do this, send him a nice note enclosing as a gift an attractive souvenir card and suggesting that if he is interested to contact our Secretary, Dana Marr, P.O. Box 4155, Tulsa, OK 74159, asking for further information. That may be what is needed to obtain another member of what we hope will be a growing society.

# Texas Spring Palace

## Achieved Fame 100 Years Ago

Curtis D. Radford, M.D.

About a year ago, the author purchased an attractive souvenir card issued as an invitation to the Texas Spring Palace of 1889 in Fort Worth, Texas. The card was purchased from Gordon McHenry of Florida who could provide little information about the card other than that it was printed by the Homer Lee Bank Note Company of New York. This firm was acquired by the American Bank Note Company in 1891 and was consolidated with the Franklin Bank Note Company in 1897 to become the Franklin-Lee Bank Note Company. The Homer Lee Bank Note company produced a number of attractive souvenir cards a century ago of which the Texas Spring Palace card is a good example.

In an effort to learn more about the Texas Spring Palace, the author sent a photocopy of the card to Texas resident and SCCS Publicity Chairman Robin Ellis. Shortly thereafter, Robin sent an April 1975 article in the Tokens and Medals Society Journal (TAMS) by William Fowler entitled, "Texas Vignette, Fort Worth's Spring Palace." Most of the information on the Texas Spring Palace comes from this article. The story of the Texas Spring Palace and its souvenir card is an interesting one that should prove of interest to SCCS members.

Fort Worth, Texas is an industrial and commercial center near Dallas in northeastern Texas. In 1849 a military camp called Fort Worth was established on the present site of the city. The fort and settlement were named in honor of General William Jenkins Worth. The fort eventually was abandoned and a later settlement became a county seat in 1860 and was incorporated in 1873. In 1870, Fort Worth was primarily a supply and recreation stop for cowboys working the old Chisholm Trail. At that time, the estimated population of Fort Worth was 500 people.

In the summer of 1876, the Texas and Pacific Railroad began to service Fort Worth. By 1880, Fort Worth had grown to 6,663 people. Subsequently, Fort Worth was also served by the Katy (Missouri-Kansas-Texas) Railroad and the Santa Fe Railroad. By 1890, Fort Worth's population was over 25,000 and it was called the "Queen City of the Prairies." Today, the Dallas-Fort Worth metropolitan area has over three million inhabitants.

The concept of the Texas Spring Palace was promulgated by General R.A. Cameron, Immigration Commissioner for the Denver, Texas, and Fort Worth Railroad. In early

1889, General Cameron toured the mid-South where he found many misconceptions regarding Texas. Most people felt Texas was behind the rest of the country in progress and culture and that it primarily served as a cow pasture. During this time, other communities had erected "Palaces" to demonstrate their agricultural and industrial advancement. Examples included the St. Paul Ice Palace and the Fargo and Sioux City Corn Palaces. Perhaps as a result, General Cameron recommended that the city of Fort Worth erect a "Spring Palace" to demonstrate to the rest of the country the advanced agriculture, industry, commerce and culture of the Fort Worth area. Hence, the Texas Spring Palace was born.

*The Texas Spring Palace invitation card.*

Once the community of Fort Worth decided to go ahead with the Spring Palace, work proceeded at an amazing pace. A civic leader and retired editor of the *Fort Worth Democrat*, Buckeye B. Paddock, was appointed President of an association responsible for raising funds for, constructing, and decorating the Palace. The elaborate Moorish- and Malayan-style structure was designed by Fort Worth architects Armstrong and Messer. A contract was drawn with the Fort Worth Loan and Construction Company on March 11, 1889 to complete the Palace in 40 days or forfeit payment. Indeed, the Palace was built in 30 days with the decorating then completed by E.B. Allen of Chicago in time for the grand opening on May 29, 1889. The exhibition was scheduled for the spring to avoid competition from other fairs and exhibitions.

The Texas Spring Palace was an immense two-story structure constructed in the shape of a St. Andrew's Cross. The building covered eight city blocks and featured 60,000 square feet of floor space. (See illustration.) Central to the structure was a massive dome 150 feet in diameter rising 155 feet above ground. Additionally, there were 12 towers 14-18 feet square by 50 feet tall plus double towers at the east and west entrances. The Palace was constructed and decorated completely with Texas materials. The massive structure consumed one-half million feet of lumber, 175 kegs of nails, 16 car loads of wheat, seven of millet, eight of alfalfa, ten of corn stalks, and additional carloads of broom corn, cactus, cane, cedar, coal, cotton, hides, minerals, mosses, pelts, rye, sea shells, sorghum, and wool. As one can see from the list of construction materials, the Texas Spring Palace became a palatial fire trap.

Fort Worth's Spring Palace was widely publicized around the country in newspapers and magazines. Special excursion trains were scheduled from all over Texas and the country to bring visitors to the Spring Palace. A special souvenir invitation was printed by the Homer Lee Bank Note Company and sent out inviting various dignitaries to the event. (See illustration.) This souvenir card features vignettes of two central, female allegorical figures surrounded by symbols of agriculture, commerce, and industry: cornucopia with produce, ships and factories. To the left is a vignette of the Palace itself. On the right are vignettes of an eagle, three U.S. flags, and a five-pointed star. The card also contains the following text: "TEXAS SPRING PALACE/May 29th to June 20th '89/FORT WORTH, TEXAS/The honor of your presence is requested." In addition, text listing the "Committee on Invitation" appears at the bottom of the card. The Spring Palace card is printed in red-brown intaglio on glossy, white stock. The card measures 6 1/4 x 9 1/8". How many cards were printed is not known. The card is listed in the SCCS numbering system for forerunner semi-official souvenir cards as number FSO 1889E.

The grand opening of the Texas Spring Palace took place on May 29, 1889. An opening address was given by the

Governor of Nebraska and was followed by the music of the Elgin Watch Factory band from Elgin, Illinois. The exhibition ran, as scheduled, from May 29 through June 20. Inside the Palace were exhibits ("Korporama") demonstrating every Texan product and natural resource imaginable. The first Texas Spring Palace was well received and attended by the public. Still, the exhibition lost \$23,000 which was easily raised by President Paddock and the Directors.

Despite the loss from the 1889 Spring Palace, Fort Worth went ahead with plans for an even larger Korporama in 1890. The palace was enlarged by adding 100 feet to each wing. Many new exhibits and events were added. The 1890 Texas Spring Palace was scheduled to run May 10-31. It is not known if a souvenir invitation card was printed for the 1890 Spring Palace as had been done in 1889.

On the evening of the next to last day of the 1890 Texas Spring Palace, tragedy struck. A small boy, juggling for coins, accidentally stepped on a match, igniting a fire. The fire rapidly spread to the highly combustible decorations. At the time of the fire, over 7,000 people were inside the Palace, most of them dancing to the music of the Elgin Watch Factory Band. All but one were able to escape the conflagration that ensued. The Palace was completely engulfed in flames within four minutes and collapsed after eleven minutes. The sole casualty, Al Hayne, saved many women and children by tossing them out of second story windows to waiting arms below. He perished after jumping out a window holding an unconscious woman. Today, the only structural reminder of the fabulous Texas Spring Palace is a monument erected in 1890 in honor of Al Hayne, which stands at the intersection of Houston and E. Lancaster Streets.

A variety of Spring Palace souvenirs can yet be found today, including the Homer Lee Bank Note Company printed cards. Such souvenirs serve as reminders of elaborate exhibitions and fabulous architectural wonders from a century ago.

### Did You Know?

- The JAPEX 79 (PS 30) and the PHILATOKYO 81 (PS 36) are the only USPS/BEP souvenir cards which utilize a defacing diagonal line (lower right-hand corner) on both the US and foreign stamps. Japan has a postal regulation that requires that reproductions of Japanese or foreign stamps that circulate in their country must appear only in "cancelled" form.

# SCCS Auction

## SUMMER 1989

This is the first of what I hope will be a number of auctions to be produced on this new computer. During the preparation of this past Spring 1989 auction, my trusty old computer gave up the ghost right in the middle of the closing of the auction. The results--a mess! Everything had to be redone by hand to try to reconstruct all of the bidding and lot awards. My apologies to a couple of the bidders that were inconvenienced either by inappropriate awards or not receiving the bids that they should have. Hopefully, this is all behind us and with the new (although not fully operational) programing of this new computer, we will be able to handle the job in a more efficient manner.

As you read the BIDDING RULES presented below, you will note a couple of minor modifications. It has been about 3 years since any significant changes were incorporated and, as with everything in life, things change--therefore so do some of the standards that we use. The most noteworthy is the addition of the note to Rule 9 which specifies that any bidder that is delinquent more than 16 days in submitting payment for lots awarded, will be excluded from participation in the next auction. Why this rule? Well for the past few auctions, a couple of the bidders have taken up to 60 days to submit payment. This requires that payment be withheld from all of the consigners for this entire period since typically a number of consigner's material is involved and the "books" for that particular auction cannot be closed or the lots being held for the delinquent bidder be placed in a subsequent auction for cataloging should they default on payment completely. The Rule states that payment is to be made within 5 days of the receipt of the invoice. Allowing 7 days each way for transportation through the mail, results in a maximum of three weeks time that should be required under normal circumstances for all correspondence associated with invoicing and payment submittals. If bidders are going to be away for any period of time during the processing of an auction (after they have submitted bids --- taking note of the auction closing date indicated on the cover of the SCCS Journal and allowing the postal processing time), a note included on their bid sheet to that effect would be all that is necessary for me to know that a delay might be encountered in responding to an invoice submitted for payment. To be fair to the consigners, lets give this a try. If you feel that some other approach is more appropriate, please drop me a line and let me know your thoughts. We would be happy to give some alternate approach a try!

The auction that follows presents about 300 of the 600 lots that currently are in file. Only a few are left that have been offered in previous auctions. They will be included in one of the upcoming auctions. Those that remain from this Summer auction (that have been offered on prior occasions) will be returned to the consigners. One large consignment has been received for the future so now would be a good time to send your duplicates. It is estimated that the wait time for consigned material will be down to one auction lag as soon as the next auction is completed. The Fall 1989 auction will probably consist of approximately 300 lots also--a good sized group. If you would like to make this one, drop me a line or send your material

within the next few days. Cataloging of the next auction usually starts shortly after the close of the prior one.

With all of this prolog, lets get to the auction!! The following is the tabulation of the prices realized for the Spring 1989 auction. This is as published and distributed to the bidders and those that requested copies through the mail. A couple of corrections will be made when the consigners are sent payment, based upon the discussion presented above.

### AUCTION BIDDING RULES

1. MAIL BID CLOSING DATE: BIDS MUST BE POSTMARKED NO LATER THAN 45 DAYS FROM THE MAILING DATE OF THE JOURNAL. The mailing date is noted on the outside of the Journal.
2. Send all bids and auction correspondence to the Auction Manager; Vern Potter, P.O. Box 10040, Torrance, CA 90505-0740. Telephone inquiries may be made between 6:00 and 10:00 p.m. at (213) 326-0406.
3. Bid by lot number only. Multiple item lots will not be broken. The earliest postmark will decide tie bids.

4. Bid only on the lots wanted. Single bids on multiple lots cannot be accepted. An example of this would be: "Please place a bid of \$10 on lot 93 or lot 94 or lot 95. I only want one of them---not all of them". Because of the manner in which the auction is processed, this type of bid cannot be accepted.

5. All items will be sold to the highest bidder. No bid reductions will be made.

6. Please observe a minimum bid of \$5 per lot. Some lots are marked with "S/B (Starting Bid) \$0.00" following the lot description. These are the minimum acceptable bids as established by the consigners.

7. Attribution of each lot is the responsibility of the consigner. Where possible, attribution shall be in accordance with the SCCS COMPILATION by Dr. Curtis D. Radford and published by the SOUVENIR CARD COLLECTORS SOCIETY. Alternate attributions shall be specifically noted.

8. Consigners are to group, package and attribute all materials submitted for auction. Lots incorrectly attributed may be returned by the bidder within 5 days of receipt. Reasons for return must accompany the lots. Consigners are responsible for grouping and identifying multiple card lots.

9. Successful bidders are to remit payment within 5 days of receipt of their invoice; terms are payment in full by U.S. fiscal paper (cash, check, money order, etc.). Late payment (payment received beyond 3 weeks from the date of mailing material and/or invoice) will result in the disqualification of the bidder for participation in future auctions.

10. Lots will be shipped, securely packaged, by U.S. Mail. Bidders shall pay the packaging, postage and insurance costs which will be included in the bidder's invoice.

11. The Auction Manager reserves the right to withdraw any lot and to reject any unrealistic bids. Consigners are responsible for establishing any minimum bids that they wish to impose on lots submitted.

12. A PRICES-REALIZED list will be available shortly after the closing of the auction. Successful bidders and consigners will receive copies with their invoice or materials shipped. Others wishing to receive copies may do so by submitting a small stamped self addressed envelope to the Auction Manager.

13. Abbreviations used in the preparation of the auction are as follows:

FDC--1st Day Cancel	FDOI--1st Day of Issue
FDSC--1st Day Show Cancel	LDSC--Last Day Show Cancel
E/V--Estimated Value	S/C--Show Cancelled
S/B--Starting Bid	V/C--Visitor Center
T/S--Thematic Stamps

### LOT 313

We offer here an item donated to the SCCS by Mr. Henry Bessler of Burlington, Massachusetts. It is a 12 by 16 inch reproduction of the Declaration of Independence printed as a broadside in Salem, Massachusetts on July 17, 1776. Along the bottom is a single Massachusetts Ratification of the Constitution commemorative stamp, cancelled First Day of Issue (February 6, 1988).

**Estimated value \$25**

more limited numbers in 1990. With the small numbers of cards printed, and the BEP's very busy schedule, there continue to be some in the Bureau who feel the souvenir card program is a waste of time and money. Fortunately for the SCCS, we currently have a BEP Director who is interested in and supports the souvenir card program. Please, write the BEP and let them know that you appreciate their souvenir card program. While you are at it, send a copy of your letter to the Secretary of the Treasury. The BEP has been promoting its capabilities and the intaglio craft for over 125 years by issuing souvenir cards. What a shame it would be to see this tradition ended by someone in the Department who was looking to cut costs and tired of the complaints.

\*\*\*

The SCCS will hold its annual meeting of World Stamp Expo '89. This event will take place during November 17-20 and November 24 through December 3, 1989. The exhibition is being held at the Washington, D.C. Convention Center in conjunction with the Universal Postal Union Convention. On Saturday, November 25, the Board of Directors will have a meeting at 3:15, followed by the General Membership meeting at approximately 4:00 p.m.

The SCCS is attempting to arrange a special VIP tour of the BEP for SCCS members. In addition, the USPS and countless other postal administrations will be issuing souvenir cards at the show. Plan on attending, it will be well worth your while.

At this time, it appears that the SCCS Annual Meeting for 1990 will probably take place in April at the Central States Numismatic Convention in Milwaukee, Wisconsin. The BEP will be issuing a card and a print there. The ABNC may have a card there as well.

### Did you know?

- According to an item in *Linn's* May 2, 1988, the latest USPS card for FINLANDIA (PS?) was *offset* printed by "Exspedite Printing Service Inc. of Silver Spring MD. All previous USPS souvenir cards have been printed by the Bureau of Engraving and Printing. Most have been at least partially intaglio printed." If USPS cards "have apparently been downgraded from security printed items to non-security printed items," what place will (should) they have in our future? There are a lot of items, albeit handsome ones, produced by the USPS that don't meet the criteria for SCs. What to do? I suggest you collect what you want to collect!

**EXCHANGE - SWAP - TRADE - BARTER**

For more than sixty-five years, I have been a stamp collector. I collect USA and foreign stamps, souvenir sheets, United Nations imprint blocks of four and SOUVENIR CARDS. Also anything else interesting that comes along. No student, but a pack-rat type, a lot of stuff has accumulated including all of the above plus Maxi-cards and much more!

Duplicates of most everything until 1980. Would like to exchange my duplicates (doubles) for yours. Need world wide souvenir sheets and UN from 1980 thru 1987, most "F" and some "SO" numbered cards. Let me know what you need or what you have to trade. Drop me a line for lists as I make them up. These won't be sales, but if you have nothing to swap, I will consider all offers, even taking unused, gummed stamps as payment.

## WOODROW WILSON MEMORIAL CARD 1924

Yes, we did it again! We found another group of early forerunner cards. This time we found a group of "WOODROW WILSON MEMORIAL CARDS". The card has an engraving of Wilson with the White House to the left and the United States Capitol to the right. Most cards of this issue we have seen have been stained. This group of cards are not stained. In the past when we have had these cards we priced them at \$350. Now, due to this fortunate purchase, we are offering these at \$175 each while they last.

\$175.00

**TERMS:** Payment with order, please, and to include \$2 postage and handling. Prompt shipment, or refund if sold out (conversely, advise if we may back-order for you). We pack very protectively. Most orders are shipped within twenty-four hours by First Class Priority Mail, insured. Maryland residents, please add 5% sales tax.
